Staff Members Present
Mr. Anthony J. Mortillaro, Executive Director
Mr. Mike Kelly, Transit Operations Manager
Mr. Jim Nagle, Public Information Officer

Others Present
Mr. Peter Dwyer, Legal Counsel
Mr. Andrew Jandáček, Santa Fé County
Mr. David Harris, New Mexico Department of Transportation
Mr. Carl Boaz, Stenographer

Chair Barrone said that without a quorum they could not conduct business at this meeting but the members present could get an update on the Jim West Transit Center.

Chair Barrone urged the members who were present to remember if they could not attend to send their alternate to the meeting so the Board could have a quorum. He reminded everyone that the August meeting would be held at the brand new Jim West Transit Center and wanted to make sure they had a quorum for that meeting. He noted this was the second time they lacked a quorum. He didn’t know if the quorum requirement could be changed.

Mr. Dwyer agreed to look at that in view of new members and bring a recommendation.

DISCUSSION ITEMS:

E. Update of the Jim West Regional Transit Center

Mr. Mortillaro reported that all concrete was in and the site work completed. Next week they were starting paving for the parking lots and the roadway. They expected to get a city water connection today. So we will have water and flush the plumbing system. The inside was almost complete with all doors and locks installed. They just needed to install baseboard and flooring. They did touch up painting last week.

The staff was planning to move with a contractor on July 27-28. They were moving the fleet to the site so that on the following Monday things would operate okay. The phone system will be installed on 27th as well as the computer system. Fiber optic had been installed. So it was all lining up and hopefully there would not be any last minutes hitches.
Chair Barrone asked if the phone numbers would remain the same for the public.

Mr. Mortillaro said they were porting their Rio Arriba County numbers and the numbers for Española and Taos would remain the same. The numbers were through the county system and Windstream.

Chair Barrone asked if the reimbursement agreement for Silkey Way had been done with Española.

Mr. Mortillaro said it dropped away when the previous Española City Manager left so he copied the documents to the acting city manager who implied that he would take it to Council and Mr. Mortillaro agreed to be present at that meeting.

Mr. David Harris said DOT looked at the outside of the facility a few weeks ago and he was quite impressed. It was a transformed place. The FHWA would be happy with the way NCRTD spent their money, especially if they could have seen the way it was as a tire store beforehand. It is very pleasing.

Chair Barrone thought it would be a nice place for people to work and take care of.

Mr. Mortillaro said the signage would be going up tomorrow. The ribbon cutting was planned for August 17th. That was a Friday and they would be sending out a preliminary notice to everyone who was being invited. They would have catered food with a nice appropriate ceremony.

F. Financial Report for June 2012

There was no Financial Report for June 2012 presented.

G. Finance Subcommittee Report

There was no Finance Subcommittee Report.

H. Tribal Subcommittee Report

There was no Tribal Subcommittee Report.

I. Executive Report for June 2012 and Comments from the Executive Director

The Executive Report for June 2012 was in the packet for review.

Mr. Mortillaro announced that the Rail Runner had agreed to provide NCRTD a seat as a non-voting member of their board and asked that they be provided a non-voting member seat on NCRTD’s board.

So in September, Edgewood would be put on the agenda to become a voting member and Rio Metro
as a non-voting member.

Mr. Mortillaro reminded members that they should have received the intergovernmental contract from him. It had to be processed through the governmental entity to get it signed. It was amended because the analysis of voting strength was done and the increased population of Española gained an additional vote. They wouldn’t get it until all intergovernmental contracts were signed. He asked members to put it through the process now.

Mr. Dwyer added that when Edgewood joined in September the agreement would have to be done again. He explained that they didn’t take nonvoting members in the bylaws and if they become a voting member it would require 2/3 vote of the current board members.

Councilor Bushee asked if all members were contributing as well.

Mr. Mortillaro said it was only through GRT.
Councilor Bushee asked if the board had ever taken a vote on any new members.

Mr. Mortillaro said they did with Taos County. The Town of Taos and Chama were interested but never joined. He explained that when municipalities or pueblos became members that population was subtracted from the county total.

Mr. Dwyer said Edgewood would have one member and one vote.

Mr. Mortillaro said the total potential was 29 votes with Edgewood.

Mr. Dwyer said when Edgewood joined the Board would need 15 votes for a majority and 20 for 2/3 votes.

Mr. Harris clarified that it was not the Rail Runner but actually Rio Metro that was asking for a non-voting position. Mr. Mortillaro agreed.

Mr. Mortillaro said they would receive $272,000 for the new software program for route planning, route scheduling and to track vehicles and make sure they were on schedule. It would provide data collection and provide an app that would allow potential riders to access locations from their computer or smart phone.

Mr. Harris said the program also allowed real time scheduling.

MATTERS FROM THE CHAIR

Chair Barrone announced that the next meeting would be Aug 3rd in their new conference room.

Chair Barrone said he met’s with Mr. Mortillaro every Wednesday so if anything comes up we can deal with it.
MATTERS FROM THE BOARD

There were no matters from the Board.
